Returned with compliments. I have carefully gone over the whole Library to see whether apart from their titles the books actually are such as pertain strictly to the Exhibits in the Museum. It is essential, and this has been pointed out on previous occasions that the Museum Library should be maintained as a vital adjunct to the Exhibits in the Museum, for, without these books the exhibits in the most important sections (History, Numismatic, Archaeology and Ethnology) cannot be studied.

The Museum is a silent Educator of the masses - a fact which is so keenly appreciated in Baroda - and I strongly hold that anything which would curtail the educative facilities of the Museum would be a unwise and retrograde step. It is easy and (on account of the presence of the Exhibits) more advantageous for the few scholars to go to the Museum to study or loan the books, but it is impossible for the remaining 100,000 visitors to places outside the Museum for references.

At the same time, as one of its founders, I am not unmindful of the interests of the Mythic Society Library and I have drawn up a list of books that are not strictly ---- pertaining to our Exhibits or are not often required for reference by the public or for identification of specimens by our staff and these may be spared for the Society. However, even in this case, as some are very rare and the Society is after all a semi-private Institution, I would recommend that these books be loaned and shown as such in the Catalogue of the Society.

Rajasevadhurina
Sir. L. Lantaraj Urs, K.C.I.E.,C.S.I.,
Dewan of Mysore, Bangalore.

Dear sir,

May I take the liberty of repeating my request for the tran to the Mythic Society of the historical and Antiquarian books now in Bangalore Museum Library? The latest administration report of the M State shows that there were 267 visitors to the Museum Library duri. 1920-21. I have, no doubt, Government will agree with me in the vie rare and valuable books which are in great demand among research wor should not be relegate to such obscurity. I need hardly assure you the books will be taken great care of by the Society and that they be made available for consultation by all students and research wor whether members of the Society or not.

2. Already we have thrown open our reading room and Library free consultation by all.

3. Thanking you in anticipation.

I remain,
Dear sir,
yours, sincerely
A H Sabard
President.
